(My dear Ambassador)

On the 3rd July I wrote to inform Your Excellency that no objections in principle had been raised to the proposal to establish an American monitoring station in Cyprus, and that Mr. Shepherd, Head of the Foreign Broadcast Information Branch, had been so informed in writing by the competent department of the Foreign Office.

I now have the honour to inform Your Excellency that the proposal has been agreed to by all the Departments concerned, and that the reciprocal agreement between the Foreign Broadcast Information Branch and the B.B.C. for the supply of the monitored material has been signed.

(Yours sincerely,)

(O. G. Sargent)

His Excellency,  
Mr. Lewis Douglas,  
American Embassy,  
Grosvenor Square,
